

Mercury

“Let's make light better”

Features:

- * Full Aluminum die cast frame with light leakage preventing(Step type).
- * Good quality LED chip to reach better lumen layout.
- * Diffuser light transmittance reach to 90%, strong aging resistance.
- * Sealed Back cover design to make a better light leakage preventing.
- * Reliable driver pass EMC with longer lifespan.
- * Round & Square, Recessed & Surface, full specification available.
- * Both IP20 & IP44 available.
- * 2 years warranty

Specification Features

Wattage: 3W/6W/12W/18W/24W

Material: Die casting aluminum + PS

Voltage: AC85-265V/AC220-240V

CRI: >80

Luminous Efficiency: 50~80lm/w

PF: 0.5

Non-flickering
