Information display

Lithium iron
phosphate battery
Safe and stable, high
temperature resistant

Cycle life **3000+**
3000 cycles of charging

3000 cycles

Specification Features

Model: Q1500 / Q2000

Rated power: 1500W / 2000W

Battery Capacity: 1440Wh / 2016Wh

AC Output: 110V/220V AC, 50/60Hz

Battery: LFP

Weight: 18KG / 22KG

Dimension: 410*290*290mm

Discharge/Charge temperature: 32-104°F (0~40°C)/14-104°F (-10-40°C)

Warranty: 18 months

Functions: UPS, multiple power output, three lighting modes

UN38.3
